VOL. XIX. NO. 150

LIMA, OHIO, TUESDAY, APRIL 7 1903

PRICE THREE CENTS

WHEN THE SMOKE CLEARED AWAY

It was Seen That the Fight Had Been Fierce Throughout.

Results of Yesterday's Election Throughout the State, Show Cleveland, Democratic, Cincinnati, Republican and Sam Jones Still Supreme in Toledo.

Cleveland, April 7.—Tom L. Johnson and Democracy made a clean sweep here yesterday. Johnson's majority over Goulder is 5786. Democrats also have the city council and a complete board of public service. Johnson will have every chance now to push his tax reform and the 3-cent projects.

DEMOCRATIC ALSO.

Friday Voters Show Their Satisfaction by Re-electing Mayor Metcalf.

Friday, April 7.—Complete returns from Mayor Metcalf, Democrat, re-elected.

FLEISCHMANN

Re-elected Mayor of Cincinnati by a Plurality of Over 15,000.

Cincinnati, April 7.—Corrected returns give Fleischmann, the Republican candidate for mayor, 15,000 plurality. The Republican entire ticket is elected.

Melville K. Lugalis, the fusion candidate for mayor, declined to make a final statement, but his colleagues on the fusion ticket stated that the split was due to the superior organization of the Republicans in a city which is a Republican stronghold. Lugalis' resignation, repeating and amplifying. They insisted that the fusion organization would be continued and perfected.

The Democratic mayor and another elected at Sandusky without opposition. The city council stands 4-1 Democratic. The board of public works is Democratic and the board of education is Republican.

At Canton, O., E. C. Over (Dem.) was elected mayor by plurality. The rest of the fusion ticket was elected. At Fremont, O., Republicans elected Madison mayor and the city ticket with the exception of the city solicitor. The school supervisor is practically unchanged.

At Hamilton, Mayor Bush and the Democratic city ticket were re-elected an average of 400, no material change. At Portsmouth, Captain W. A. Weaver (Rep.) was re-elected by a greatly reduced majority.

Warren M. J. Sloan (Rep.) for mayor and entire Republican ticket elected. Dayton elected Mayor Snyder (Dem.) and the major portion of Democratic ticket by a narrow majority. The city is normally Democratic.

Vallace B. Yapple (Dem.) was elected mayor of Chillicothe with the rest of the Democratic city ticket. All Democrats except two Republicans in the council were elected. The Republican city ticket headed by Robert Atter for mayor was elected in Steubenville. In Mingo Junction F. S. Bunn (Rep.) was elected mayor.

One of the most noted gains of the Republicans was at Mansfield and of Democrats at Springfield, where all issues controlled results, as in case in most of the changes.

There is much diversity of opinion as to the effect of these municipal elections upon the next Republican nomination for governor, but it is conceded that Mayor Tom L. Johnson of Cleveland will now become a formidable candidate for the Democratic nomination for governor a few months hence.

It is also noted that the organization will continue with a view to making the opponent of Hanna for the governorship. There is considerable talk in Cincinnati about the impending boom of Mayor Fleischmann for Republican nomination for governor. It is conceded that the endorsement of Mayor Fleischmann's administration mainly produced the result in Cincinnati, the largest plurality on the ticket in the history of Cincinnati.

IN COLUMBUS

It was Defeated by a Majority of Three Thousand One Hundred.

Columbus, April 7.—The corrected returns give R. H. Jeffrey, the Republican

Urban majority candidate, a majority of 3100.

The balance of the city ticket is mixed, but the majority of the offices will go to the Democrats by somewhat reduced majorities. Fred J. Immel (Dem.) was elected a member of the board of public service, and Roy L. Wildermuth (Dem.) for police judge, with chances favoring W. C. Cassius (Dem.) for city treasurer and George D. Jones (Dem.) for president of the city council. The defeat of Mayor Hinkle was due to a lack of party harmony, prominent Democrats espousing the cause of Jeffrey but maintaining their allegiance to the balance of the Democratic ticket. The campaign in this city was the most vigorous for many years.

JONES AGAIN

Golden Rule Jones Re-elected by a Plurality of 2850.

Toledo, April 7.—Complete returns show Jones elected by 2850 plurality. With the exception of mayor and police judge, the entire Republican ticket is elected.

Republican council will act as a complete block for Jones under the new code and will refuse to confirm Jones' appointment to the board of public safety.

Fusionists Voted

Marietta, O., April 7.—The fusion of Democrats, union labor and independent Republicans carried this city, and defeated the entire Republican ticket except the president of the council. Hyde, the fusion candidate for mayor, carried the city by 218. The Republicans carried the school board. For the board of public safety, Terry (Dem.) and Kelly and Nelson (fusion) were elected.

Elected One Democrat

Youngstown, O., April 7.—With the exception of the mayor, the Republicans elected the entire city and town ship ticket. William T. Gibson (Dem.) for mayor won by 20 votes. The remainder of the Republican ticket was elected by majorities ranging from 200 to 500.

Elected Prohibitionist

East Liverpool, O., April 7.—Mayor W. A. Weaver (Pro.) and auditor Willis Davidson (Rep.) re-elected. Chris Horton (Rep.), balance of ticket Republican.

Has Small Majority

Mansfield, O., April 7.—Huntington Brown (Rep.) was elected mayor by a majority of less than 100. The rest of the ticket is split up.

First in Fifteen Years

Shelby, O., April 7.—The Republicans for the first time in over 15 years swept the platter clean here in the municipal election.

Republicans in Michigan

Detroit, April 7.—The Republicans of Michigan elected their state ticket by a majority estimated at between 35,000 and 40,000. The ticket is as follows: Justice of the supreme court, Judge Frank A. Hooker, Charlotte; regents of the state university, Peter White of Marquette and Loyal E. Knappen of Grand Rapids. The vote throughout the state, excepting where local issues lent interest to the fight, was light. In Detroit an unusually light vote was cast.

At Fostoria

Fostoria, O., April 7.—The final ballot was counted this morning at 5:20 o'clock. G. W. Cunningham, Republican, was re-elected mayor by 58 votes.

At Akron

Akron, O., April 7.—Mayor Doyle was defeated by C. W. Kempster, Democrat, for mayor, whose majority was about 150.

Chicago Stock Market

Chicago, Ill., April 7.—Cattle 4,000, active, steady; hogs 15,000, active 5 cents higher; sheep 12,000, weak, 10 cents lower.

The people who are well posted seem to read up for the sole purpose of correcting those who don't.

FLOWER ON TRIAL.

New York, April 7.—Dr. Richard C. Flower, who recently gained so much notoriety in connection with the litigation over the Hagaman estate, was arraigned for trial today in the court of general sessions on a charge of grand larceny. The charge against Dr. Flower grows out of his promotion of various mining enterprises, in which, it is alleged he has fleeced numerous persons out of large sums.

PROMINENT

Hoosier Financier Placed Under Arrest

Charged With Horse Stealing and Aiding in the Theft of a Livery Stable.

Indianapolis, Ind., April 7.—Jno. Jody, publisher of the Lafayette Call, and a financier of reputation, was arrested today, on three charges and gave bond. He is charged with being a horse thief, and with joining Sam Hunter, already convicted, in stealing a livery stable at Clark's Hill, and selling the entire outfit at Paris, Illinois, for \$1,900.

GROWING AS USUAL.

New York, April 7.—The reports of earnings for February, just made public by several of the largest railroad systems, show satisfactory traffic conditions. In each case there was a substantial increase in gross earnings, reflecting the great volume of freight carried. Not earnings in most cases show a larger percentage of increase than gross, indicating that the roads were operating under more favorable conditions for economical management. One of the chief reasons for this improvement, according to railroad officials, is relief from the congestion which has prevailed for so many months. Traffic officials of several of the western roads report that while freight is still offered in greater volume than the roads can handle with the dispatch desired by shippers, it is not being crowded on them in such overwhelming quantity as has been the case until recently.

GREAT REGRET

That There are Few American Products Displayed.

Athens, April 7.—The International Exposition of Industry, Commerce, Art and Hygiene, for which preparations have been in progress for several years, was formally opened today by the Crown Princess. It is to be regretted that there is not a better representation of farming machinery, electrical appliances and other American products, for which there is a fine opening in the Greek market.

TRUE BILL

Against Lieutenant Governor Tillman

For the Murder of Editor Gonzales and Also for Carrying Concealed Weapons.

Columbia, S. C., April 7.—The grand jury has returned a true bill against former Lieut. Governor James H. Tillman, for the murder of Editor N. G. Gonzales, and on a charge of carrying concealed weapons.

Live Stock Market

East Liberty, April 7.—Cattle light, unchanged; sheep light, slow, unchanged; hogs, light, steady, unchanged.

ENGINE BLEW UP.

Van Wert, O., April 7.—Engine No. 108 blew up while standing in its stall in the Cincinnati Northern round house in this city at the noon hour, completely wrecking the round house, and fatally injuring A. A. Stultz, a slightly injuring F. A. Miller, Elmer Counsellor, Walter Sargeant and Jack Welch. The loss is \$25,000.

CHAMPIONSHIP

In Amateur Tennis World, Will be Fought Tonight.

Boston, Mass., April 7.—Joshua Crane, Jr., of this city, sails today for England to play Miles in London the latter part of the month for the amateur court tennis championship of the world. Miles is the present holder of the title.

A BAD START.

Burlington, Vt., April 7.—The first saloon in Vermont under the license law was opened yesterday at Middlebury, a town of less than 2,000 inhabitants. Seventeen persons were arrested yesterday afternoon for intoxication and warrants are out for 21 more.

ALL BUSINESS

Suspended on Account of it Being Independence Day.

New York, April 7.—Today is the independence day of the Greeks, the anniversary of the defeat of the Turks, April 7, 1821, which resulted in Greek independence. In the large local Greek colony on the lower east side the day is as religiously observed as in Athens itself, business being entirely suspended and the day devoted to celebration.

BOY SOUGHT PROTECTION

From the Fiendish Desire of a Mercenary Grandmother.

Berlin and the World Hears of the Plot of a Wealthy German Woman to Exterminate All the Heirs to Her Husband's Estate, but Herself.

Berlin, April 7.—The mysterious case of Frau Von Goltz, a wealthy lady accused of poisoning her first husband, Karl Friebe, came up for trial in the district court this morning. Charges against Frau Von Goltz are, right to half the money. The grand jury after she had poisoned her husband, she discovered that the law required her to share her husband's fortune with her three sons. She pleaded guilty to these to suicide by diabolical poison. The proceedings are the outcome of the third died suddenly, and charged that the prisoner poisoned him also. She then found that the coast was not yet clear, as a little grandson, 13 years of age, remained, and had a right to half the money. They should be spared all worry and anxiety. They should eat plenty of good nourishing food and take gentle exercises. This will go a long way toward preserving their health and their beauty as well as that of the little one to come. But to be absolutely sure of a short and painless labor they should use

WON THE CASE.

"Sooner" Maintains Title to Coveted Land Gained in Oklahoma.

Washington, April 7.—Justice White delivered the opinion of the United States supreme court in the case of Thomas W. Potter against Mary Hale, involving claims to land in Oklahoma territory growing out of the rush to settle newly opened land in 1889. Potter was employed on an Indian reservation adjoining the land as a police officer. Acting in that capacity, he ordered off the land which he afterward located on, people who had gone upon it prior to the hour fixed for the stampede. When that hour arrived he joined in the rush, and as he had only a quarter of a mile to travel, reached it in advance of the others. The location was contested. The court held that as he had taken part in the rush to the coveted land and had gone upon it from the outside he was entitled to the prize he had won. The decision of the supreme court of Oklahoma, which held against Potter, was reversed.

A Day of Better Food

In New York they have been trying to photograph the germs in a cubic inch of air—
In Washington they are trying to exterminate the house fly because they have found it to be a collector of germs—
The time is near when all food will come sealed—the meat from the butcher; the bread from the baker; the milk from the dairy—all will be protected from the germs of the air.

This movement towards more healthful food was inaugurated by **Uneeda Biscuit**—soda crackers made in the cleanest of bakeries and put in an air-tight package which brings them to the home with all the flavor and goodness and freshness perfectly preserved.

Uneeda Biscuit in the In-seal Package, restored the soda cracker to its proper place as a wholesome, nutritious, economical food. Try a package.

EYE AND LIP SERVICE.

A Toledo mother not long ago had occasion to complain of a ruling by the teacher of her little girl who insisted that the child must say "yes ma'am" and "no ma'am" when replying to questions and instead of saying plain "yes" and "no." The testimony of Marion Burdick at the inquest over her father's remains was commented upon as per, by the prudish press because it lacked these glazing graces of diction. It was argued that a sixteen-year-old girl should have been more deferential in her verbal attitude.

The question raised is a curious one, but important for all of that. Formalism is done away with wherever possible nowadays. It takes a good reason to call forth any exercise or expenditure of energy. Courtesy, deference to others whether they be inferiors, equals, or superiors, is not in its essence a matter of forms or words. It lies deeper and yet cannot be hid. It is bound by no rules, yet is always resourceful and appropriate. It speaks the language of the heart and goes straight to the heart. The tone, the matter, the attitude and the expression are always appropriate, always helpful.

The true teacher, the wise parent, knows that manners cannot be taught by words or forms. These must be impressed by example on the heart. The people in the world, and yet an uncultured woman harpy daries in France to venture abroad even in the day time. She is almost certain to be insulted if she does. Yet the French grace and mannerism is held up the world over as to deal of courtesy. It is worthless unless there is feeling heart, behind it. To paraphrase an old saying: "Manners are what a man is when he thinks no one is looking." Take your typical Frenchman off his guard and the boorish savage animalism of primitive human nature appears. The rustic, gawky, uncouth but kindhearted is the gentleman of the two.

Courtesy taught in school or in the home by word and in note is always veneer. The children hear our good words and imitate them, but they see our good works and do them naturally because they feel the good results. Manners are taught, habits picked up. The latter cling. The former are put off on as garments are to suit our convenience and fancied wants.

We think the mother is right to protest against tacking the "ma'am" on to every monosyllable reply. The courtesy lies deeper than the word. This "ma'am" or "sir" is not always appropriate. It is often disrespectful. If the form of courtesy is insisted on the spirit of the action is unlikely ever to be reached. The expression of a kind heart takes more than a word and the proper deference can more often than not be evidenced by tone or expression, than by the word itself. The courtesy that is in the heart will always find its way out. It is like sunshine and cannot be prisoned.—Toledo Times.

All That the Best of Phy-

Conductor Michael Clifford, after a
battle with death, for nearly forty
hours, died yesterday afternoon
shortly after the operation of ampu-
tating his legs was performed. There
had scarcely been a hope entertained
for his recovery, and although the phy-
sicians did everything which the emer-
gency called for, they knew that the
injury was one which could not be
reversed.

The remains were brought to Lima
yesterday evening, accompanied
by the surviving relatives and
friends, and a body of Knights of Co-
lumbus, met the party at the depot
conducting it to Marling's undertaking
establishment. After preparation for
burial, the remains were taken to the
home of the deceased's father, on East
Main street, to await the hour of
the funeral.

Tomorrow morning, at 9 a. m., services
will be conducted by Rev. Manning,
at St. Rose church. The remains will
be escorted from the home by the
Knights of Columbus, and the O. R. C.,
and the two orders will also attend
the body to its last resting place in

UNION MEETINGS.

An additional feature of this week's
revival services is the meeting at the
Market street Presbyterian church, at
4 p. m., each day, for the young people,
and the boys and girls. Major Cole
conducted a precious service yester-
day. He, together with a little boy,
played the Chinese heathen, and had
the others to tell them what they
should do. The answers were read in
fast evenings service, and indicated
more thought and maturity than we
often credit the children with. Let all
the children and younger people come
to this 4 o'clock service. The meeting
last evening was well attended, and at
the close, quite a number rose for
prayer. The number of personal
workers is increasing, and the effect of
the meetings will reach into every re-
lation of life in the city.

FATHER

Of Lima Man Drowned
at Delphos.

Body of Simon Runyan
Found in a Ditch

Where He Had Fallen Sometime
During Saturday Night—Was
an Old Resident of the
County.

Simon Runyan, aged 70 years, and
a citizen of Delphos since 1861 was
drowned in the muddy water of a
ditch along the Metcalf road Sunday.
He ate supper Saturday evening at
the home of his daughter and then
went up town but was not seen again
until his body was discovered by
Marshal O'Neil. There were no sus-
picious circumstances connected with
his death as he had nearly fifteen
dollars in his pockets when found and
the only wound was a small cut on
the side of his head supposed to have
been caused by coming in contact with
a barbed wire fence near by.

When Mr. Runyan first came to Del-
phos he was associated with S. F.
Himmerlight in the wooden mills, but
after they were closed he engaged in
draying business. A few years ago
he gave up work of all kinds and lived
a retired life.

The following obituary giving a
brief history of the deceased, appeared
in yesterday's evening's Delphos
Herald:

Simon Runyan was born near In-
let, Warren county, Ohio, May 26,
1832, and died April 4, 1903, aged 70
years, 11 months and 4 days. The
deceased was reared on a farm and was
married to Amy McMillen in Warren
county, March 16, 1855. To this
union was born one daughter, Florence
A. Runyan, who died April 1, 1875, at
the age of 18 years, 9 months and 24
days. His first wife died in Septem-
ber, 1856. Mr. Runyan was again
married to Eliza Jane Himmerlight
Jan. 9, 1858. To this union were born
four children, all living. They are,
Samuel D. Runyan and Mrs. Wm. T.
Lewis, of Delphos; Wm. H. Runyan
of Philadelphia. He is also survived by
four sisters and two brothers—Hiram
Runyan of Delphos, Mrs. Kate Olin
of near Delphos, Mrs. Elizabeth Smith,
Mrs. Hanna Gooden and Mrs. Abigail
Mullen of Butler, Ohio. Mrs. Runyan
preceded her husband in death Jan.
26, 1902.

THE STAGE.

The opening performance of John
A. Himmerlein's Imperial Stock Com-
pany more than made good every
promise made for it, as it is simple
justice to say that a better production
and performance has never been
given in this city by any repertoire
company. Is a clever one and is evenly
balanced throughout, and as there are
no stars, the result is a clever gen-
eral production. The scenery and
costumes were especially noteworthy,
and would have done credit to many
of the high priced attractions. The
specialty program was well selected
and met with general favor, the fire-
dancer being especially well received.
"The Lost Paradise" will be presented
this evening. It is said to be the
greatest play ever written on the ques-
tion of labor and capital. When first
produced by Mr. Charles Frohman it
created a veritable sensation. This
will be its first production in this
city at popular prices.

Of Cole Street and
Lakewood Avenue.

Kentucky Rock Asphalt Se-
lected as the Material
to Be Used.

Logan Block Adopted as the Ma-
terial to be Used on Jameson
Avenue Improvement—
Bills Allowed.

At the meeting of the city council
last night, all members responded to
roll call except Mr. Newson.

Minutes of the last previous meeting
were read and approved.

The finance committee recommend-
ed the payment of March bills aggre-
gating as follows:

Police fund	\$ 1,167.86
Light fund	1,777.10
Door fund	112.77
Sanitary fund	538.90
Street fund	1,900.70
General fund	1,771.25
Sewer fund	1,034.16
Sidewalk fund	75.00
Fire fund	5,500.00
Total	\$13,996.87

Resolution allowing the bills, was
adopted.

The paving committee recommended
the adoption of Logan block as the
material for the paving of Jameson
avenue, and the adoption of Kentucky
rock asphalt as the material for Cole
street and Lakewood avenue. The re-
port occasioned a long discussion but
at the end it was adopted by a unani-
mous vote and the solicitor was in-
structed to prepare a resolution, award-
ing the contract accordingly. This
will give the contract for the Cole
street and Lakewood avenue work to
McKinney and Huran, of Toledo. A
petition from some of the property
owners on those two streets, request-
ing that the contract be awarded to
E. M. Myers was placed on file.

Mrs. Weisslitz, president of the German Womans' Club of Buffalo, N. Y., after doctoring for two years, was finally cured of her kidney trouble by the use of **Lydia E. Pinkham's Vegetable Compound.**

Of all the diseases known with which the female organism is afflicted, kidney disease is the most fatal. In fact, unless prompt and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—**Lydia E. Pinkham's Vegetable Compound**—was careful to see that it contained the correct combination of herbs which was sure to control that dreaded disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so-called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

Read What Mrs. Weisslitz Says.

"DEAR MRS. PINKHAM:—For two years my life was simply a burden. I suffered so with female troubles, and pains across my back and loins. The doctor told me that I had kidney troubles and prescribed for me. For three months I took his medicines, but grew steadily worse. My husband then advised me to try **Lydia E. Pinkham's Vegetable Compound**, and brought home a bottle. It is the greatest blessing ever brought to our home. Within three months I was a changed woman. My pain had disappeared, my complexion became clear, my eyes bright, and my entire system in good shape."—Mrs. PATLA Weisslitz, 175 Seneca St., Buffalo, N. Y.

Proof that Kidney Trouble can be Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I feel very thankful to you for the good your medicine has done me. I had doctoring for years and was steadily growing worse. I had trouble with my kidneys, and two doctors told me I had Bright's disease; also had falling of the womb, and could not walk a block at a time. My back and head ached all the time, and I was so nervous I could not sleep. I had hysteria and fainting spells, was tired all the time, and such a pain in my left side that I could hardly stand at times without putting my foot on something."

"I doctoring with several good doctors, but they did not help me any. I took, in all, twelve bottles of **Lydia E. Pinkham's Vegetable Compound**, five boxes of **Liver Pills**, and used three packages of **Sanative Wash**, and feel like a new woman, can eat and sleep well, do all my own work, and can walk two miles without feeling over tired. The doctors tell me that my kidneys are all right now. I am so happy to be well, and I feel that I owe it all to your medicine."—Mrs. OPAL STROGO, Dalton, Mass.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address: Lynn, Mass.

CONFESSIONS OF A PRIEST.

Rev. Jno. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. If you want a reliable medicine for liver and kidney trouble, stomach disorder or general debility, get **Electric Bitters**. It's guaranteed by H. F. Vorkamp, corner Main and North streets. DREADFUL ATTACK OF WHOOPING COUGH.

Mrs. Ellen Harrison, of 300 Park avenue, Kansas City, Mo. writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed for us **Foley's Honey and Tar**. With the very first dose they began to improve, and we feel that it has saved their lives. Refuse substitutes."

—by H. F. Vorkamp, corner Main and North streets.

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night, I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu."

SAVED TWO FROM DEATH.
"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Our niece, who had consumption in an advanced stage, also used this wonderful medicine, and today she is perfectly well." A FAMOUS HIGHWAY.

The Cumberland Road, Which Was Projected by Henry Clay.

The most remarkable highway built in the United States early in the nineteenth century was the so-called Cumberland road, which was to extend from Cumberland, Md., through southwestern Pennsylvania, over the Allegheny mountains to the Ohio at Wheeling, W. Va., and then on to St. Louis. It was so well constructed that it is a good road today. Henry Clay was its projector and chief supporter, and his services in its behalf are commemorated by a monument near Wheeling. We are told by letters written at that period that "there were sometimes twenty gayly painted four horse coaches, each way daily. The cattle and sheep were never out of sight, and canvas covered wagons were drawn by six to twelve horses."

On this great road, which eventually passed into the hands of the states through which it runs, the government expended no less a sum than \$7,000,000. Within a mile of it on either side the country was a wilderness, but on the highway itself the traffic was as dense as in the main street of a large town. Ten miles an hour was the usual speed for coaches. From Baltimore to Wheeling ran lines of freight wagons, which carried ten tons, drawn by twelve horses and with wheels ten feet in diameter.—Perrison's Magazine.

Curious Migrations.

In Norway and Sweden a curious migration takes place, the lemmings migration of the lemmings. There is no telling where this strange animal will begin its march southward through Norway and Sweden in search of food. The interval between one migration and the next is seldom less than seven years, or, as in one instance, more than seventeen years.

The lemming is a species of rodent and resembles in some ways our common water rat. Once started, these strange creatures press on in a straight line. There is no checking their march. If a wall or a house is in their way, they will try to climb it rather than go around it, and if they come to a snarl of corn they will eat it and then go forward. The lemmings are good swimmers, and so they do not mind rivers and ponds, although they cannot keep afloat in rough water.

The migration comes to a fatal finish. Taking a direct course toward the southwest and southeast, the animals arrive after awhile at the seashore still they must press on, and the lemming migration ends for another seven years.

Too Familiar.

It was the 6 o'clock rush hour, and the Sixth avenue elevated station at One Hundred and Sixteenth street was packed with an impatient crowd trying to escape to their homes.

In the thick of it was a cloaked figure, apparently that of a plump little girl of eleven or twelve. She was having a hard struggle in the crush, and a big good natured man behind her just put his hands on her shoulders to help her along.

"Sir!" piped a shrill but quite mature voice as she turned so violently that she created an eddy in the crowd and turned upon the big fellow a pair of snapping black eyes.

"Gee's! child! It's a woman!" he exclaimed as he made an effort to himself through the burning throng and fled in pink faced dismay. New York Mail and Express.

Shakespeare's Genius.

"An Old Bachelor" asks very foolishly: "Where is the face of genius in the youth, manhood or old age of the man William Shakespeare?" And a correspondent of Public Opinion answers pertinently enough:

"The same question might be asked with much more reason and answered with much more certainty of the man Oliver Goldsmith. To all his acquaintances he seemed little better than a fool, and yet he was undoubtedly a genius. The proof of his genius is to be found—like Shakespeare's—in his works."

Diplomats Without Missions.
"Well," said a senator who had been engaged in a sharp tilt with a colleague, as he met a senate employee, "do you think that I made a fool of myself?"

"Senator," was the reply, "if I said that you made a fool of yourself I would be disrespectful; if I said you did not, I would be saying what is not true."

All the diplomacy is not in the state department.—Washington Post.

France's Red Ribbon.

So freely has the ribbon of the Legion of Honor been distributed in France that it is no longer considered such an overwhelming honor to be presented with it.

A pertinent story is told of a Parisian who suddenly disappeared. The police on being appealed to for aid asked how he might be identified. "Oh," was the answer, "that's easy. He doesn't wear the ribbon of the Legion of Honor."

Gene Missing.

"Dear me!" exclaimed Mrs. Droptin as she heard Mr. Sputter in the next room. "What dreadful language!"

"I hope you won't mind it," replied Mrs. Sputter. "My husband is merely giving an imitation of a missing word without any words missing."—Columbus (O.) State Journal.

His Various Vacations.

One of the old time dandies on being asked how he was making out replied in this fashion:

"Well, sub, times is mighty tight wid me, but I manages to make a livin' by doin' a little plowin', a little votin' on a little lamplightin'."—Atlanta Constitution.

As the Republicans rejoiced last fall over the election of two of their candidates on the county ticket, so may Democrats also celebrate today, the election of two of the Democratic candidates on the city ticket. It is a worthy Democrat whom the people of Lima chose to administer the affairs of the city from the office of chief executive in the initial term of municipal government under the new code. Judge Theo. D. Robb, was elected mayor by a decisive majority while the vote on the remainder of the city ticket proved conclusively that the Republicans still constitute the predominant political party in the city. The average republican majority in the city was about 500 votes, but in spite of this fact, Judge Robb was elected with a safe and decisive majority over L. H. Rogers, for mayor.

The new city council, which will consist of seven members under the provisions of the new municipal code, will be made up with one Democrat and six Republican members. Edward L. Smith being the only Democratic candidate for councilman, elected.

The general result was as much a surprise to the Republicans as it was a disappointment to the Democrats. Throughout the campaign the Democrats claimed and the Republicans conceded the election of Wm. H. Stephens to membership on the board

of public service and many Republicans conceded the election of John Thompson, Frank Haller, John Bligham and Harry Lambert, but the result did not bear out the expectations of those who were in closest touch with the campaign.

The vote cast throughout the city during the day was unusually heavy and establishes a good record for future reference as to the number of votes and the party divisions in the various precincts.

Judge Robb, the Democratic mayor-elect, was besieged by friends on all sides when he appeared on the streets this morning, all being anxious to congratulate him upon the clear and excellent manner in which he conducted his campaign and the victory he won in the end.

Allegations of abuse, which included an occasional beating, are made, and the petition states that the defendant was once indicted by the grand jury for failure to support his children.
